

Environmental Policy

Natural Paving Products (UK) Ltd (The Company) recognises its duties against the requirements of ISO 14001:2004, all relevant environmental legislation and other applicable requirements and commits to complying with this legislation.

The Directors recognise their responsibilities to take an environmentally (and socially) responsible approach to existing activities and will set environmental objectives on an annual basis to ensure continual improvements are made and they commit to the prevention of pollution.

The Company, as far as reasonably practicable proposes to pay particular attention to:

- Minimise disturbance to the local and global environment and to local communities and wildlife.
- Minimise use of energy and raw materials and to adhere to the principles of sustainability.
- Consider the environment in the design of products and processes and the maintenance of equipment.
- Provide information on the use and final disposal of products.
- Ensure that all employees and suppliers are adequately informed about the Company's environmental policy.
- Minimise the use of product related materials and services, such as packaging or transport.

In order that the Company can achieve their set environmental objectives, it is important that employees recognise their duty, whilst at work, to take reasonable care of the environment. Employee induction covers all Company policies.

This Policy will be reviewed at least annually in line with Company and statutory requirements and in line with Company objectives and a copy is displayed in the main reception area.

Employees should also cooperate fully with the Company or anyone else concerned to ensure that their obligations are performed or complied with.

Signed:

Mr M Wall
